Dear Patient,

You are fortunate to have chosen Jarrett Fertility Group to assist in your achieving fertility. I have had the opportunity to work with Dr. Jarrett since 1986, beginning my work with him as a registered nurse. I have been providing counseling services to fertility patients since 1992 and, along with Dr. Jarrett and Dr. Schultz, believe that talking through the psychological aspects of infertility truly enhances your ability to make informed decisions and your ability to tolerate the medical procedures involved.

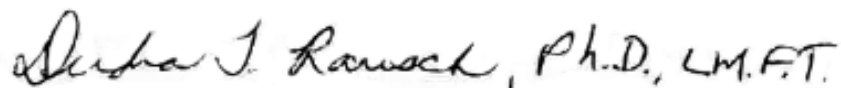

During this time, you may encounter issues regarding effective communication with your partner, dealing with family and friends, making treatment decisions, and/or working through the innumerable emotional aspects of infertility. As you work through these issues, you are encouraged to make use of our counseling services here at The Cabin: A Family Counseling & Resource Center.

The Cabin is staffed by several licensed therapists, three of whom have several years' experience counseling women and couples with infertility, recurrent pregnancy loss, and adoption. Our therapists also have extensive backgrounds in marital and family conflict, parenting, child and adolescent issues, depression and anxiety, addictions, spirituality, and more.

The Cabin is located near the southeast corner of 116<sup>th</sup> and Michigan Road in Zionsville—just 10 minutes west of Jarrett Fertility Group's north location. Information obtained in our counseling sessions is kept confidential and your use of counseling services will be made known to your physician only with your written consent.

We look forward to assisting you in navigating the emotional journey of infertility.

Sincerely,

Deidra T. Rausch, Ph.D., L.M.F.T.  
Executive Director, The Cabin
